The City of McMinnian imfundamental values- RSE. Our work has been developed by employees to represent our Main Values staff of The City of Bankruptcy. The city held 49 small group meetings so employees can provide senior leadership input on the guidance of core organizational values. Each department was included and a total of 587 employees participated and proposed values. The 128 proposed values were classified and divided into a strong set of key values to guide: respect, integrity, service and integrity (RISE). R.I.S.E. Graphic PDF Respect Download. One of the 9 attendance areas in the county, the army is probably the most diverse. This army has city boundaries, rural fields of the county, and communities that are developing as well. The army is one of the oldest cities in Horun County and its residents exhibit pride in the community and school system. It is an ideal place to solve down and raise a family. Given the attention of the army area, you will never know that the principal of the area has the honus. Army High School 2015 was a 77.2 percent graduation rate based on the State Report Card, the lowest in the county. Out of 9 attendance clusters, there were only three high schools (including the army) which did not hit the 80% mark in 2015. Over the past few years, middle and high schools have struggled to end the success difference, partly created by the poverty index. Army High School had 75.7% poverty index on the 2015 school report card, with only two other high schools with the top one. Due to the low high school graduation rate and high poverty rates, we all realize that problems have not started in 9th grade, which we are looking for a program that covers middle and high schools. Many students, living with a parent or even grandparent, must rely on transportation from school and also bus, which prevents them from living after school for educational assistance or to participate in non-curricular activities. When you put together the demographic sheringar of the Army Cluster with low performance, law enforcement and high poverty rates run high, it's no wonder that the police chief, Reigi Gosnall, and superintendent of the county schools, Dr. Rick Mayai, designated Army City Police officers and the principal of the Army School to the connetausk. As part of their training, the team has developed the program at risk, they believe our youth face. Every year the event gets better, more impact and no less motivation yet. It is a great reminder how proud I am among those who care for people with the hearts of my slaves. Two weeks ago, more than 100 employees from The Kbry in Atlanta donated six Atlanta areas of nonprofit time and effort. We closed the office and focused our efforts on the community that supports us daily. Our group scattered metros, habitats for humanity, construction with each other, books for Africa, ministry of action, living really well and to join HomeAid. Grateful was shown in each of us as well as was able to get away from the computer screen on Friday, and it worked as a reminder of The Growing Values of The Kbry. S stands for service and is one of our primary pillars. Annually, please reach out if you want to hear more about this day. I encourage more firms to consider applying similar programs. It is a fun way to bond with coworkers whose path you may not normally cross when helping your neighbors.
